Gondwana University, Gadchiroli  
Science & Technology Resource Centre Foundation Gadchiroli

# Science & Technology Resource Centre

Conceived and funded by Rajiv Gandhi Science and Technology Commission (RGSTC), Mumbai, Government of Maharashtra, Science & Technology Resource Centre (STRC) is an autonomous institute established in concurrence with Gondwana University, Gadchiroli in 2014. As a centre of excellence for sustainable value creation, STRC is leveraging local resources, relevant knowledge and appropriate technologies for human capacity development. STRC acts as a catalyst to science and technology based development of the under-served tribal communities of the Gadchiroli region and a bridge between knowledge activities of the University and enhanced livelihoods in the neighborhood.

## Gondwana Craft

An initiative by Science & Technology Resource Centre (STRC) Foundation Gadchiroli, to bring traditional art-forms of the region under one umbrella brand, 'Gondwana Craft', with an artisan centric approach to preserve and promote these unique yet dying art-forms while contributing to the growth of artisan economy through a sustainable and viable social entrepreneurship platform.

Traditional art-forms of the region with rich cultural and historical significance like Bamboo Craft, Dokra Craft, Gond Painting, and Earthen Pottery are at a risk of being lost. The decline of such traditional crafts are evident and can be attributed to various factors, including changing lifestyles, economic pressures and lack of awareness and support.

STRC Foundation, Gadchiroli has taken the mettle to preserve and promote such traditional practices and art-forms through the 'Gondwana Craft' platform. 'Gondwana Craft' offers range of products and customized services. This effort would not only help preserve and promote these dying art-forms and safeguarding the cultural heritage but also would contribute to the growth of artisan economy in the region. Through this initiative, STRC Foundation envisages to open multiple craft outlets to offer products and customized services, facilitate product specific skill development programs for local artisan groups and introduce them to contemporary techniques.

Involvement of local communities in the preservation and promotion would foster a sense of pride and ownership and would encourage younger generations to adopt, inculcate knowledge and skills to ensure the continuity of traditional craftsmanship.

**Shri Ashis Gharai**

Former, Chief Program Officer and Head,  
Science & Technology Resource Centre,

“Jangarh Singh Shyam, a 20th century Pardhan artist, is credited with giving Gond art a contemporary style known as Jangarh Kalam.”

### Bamboo Structures

Gondwana Craft offers customized bamboo construction services, merging eco-friendly materials with innovative designs for resilient and beautiful structures

**Bamboo Composite Poultry Sheds**

**Poly-houses**

**Gazebos**

**Multipurpose Sheds**

“Due to its flexibility and light weight, bamboo is highly effective in earthquake-prone regions. Its natural elasticity allows it to bend without breaking, reducing the risk of structural collapse during seismic activities”

### Bamboo Furniture

Gondwana Craft offers a range of bamboo furniture with innovative designs and tailored services

**Table and Chair Set**

**Cafe Chairs**

**Garden Benches**

“Bamboo products are durable and remain unaffected even with rough use, as they do not face wear and tear issues like hardwood. The tensile strength of bamboo is comparable to that of steel.”

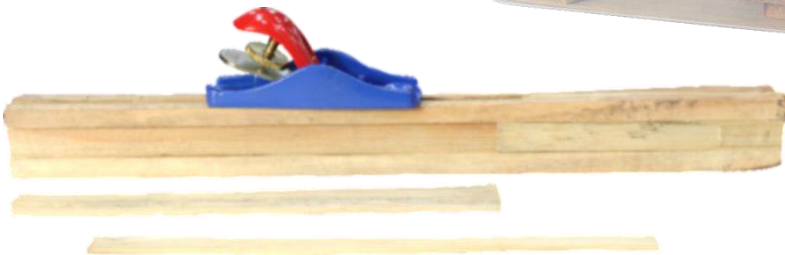

## Toolkits and Jigs

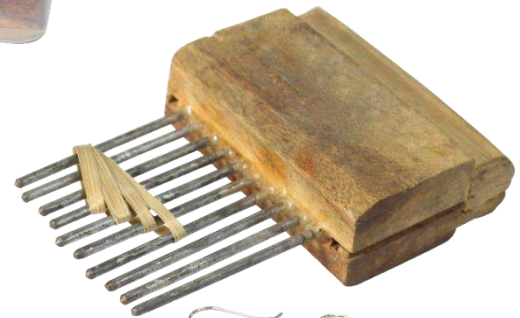

Gondwana Craft designs and develops small user friendly low cost toolkits and jigs for artisans to improve product quality and efficiency

Flower Toolkit

Slate Jig

Earing Jig

"Small tools can significantly enhance the efficiency of traditional artisans, leading to higher-quality finished products with innovative designs"

## Customized Skill Development Programs

Gondwana Craft offers quality module based skilling program for individual and group of artisan interested in bamboo craft and its structural use

Utility Products and Handicraft

Furniture Design and Development

Construction Modules

Skill development programs services not only focus on crafts but also emphasize the structural application of bamboo, promoting eco-friendly designs."

Gondwana Craft offers customized training and installation services in Gond Painting for wall graffiti and Dokra Craft design
